

This summer, I will have the privilege of nominating one Congressional Page. The summer session will run from Sunday, July 11 through Friday, August 6. Applicants must be at least 16 years of age, but not older than 17. Pages perform a variety of tasks. They range from assisting members of Congress on the House floor to running errands from the Capitol to and from the House Office Buildings. This is a rare opportunity, and it is one I hope you will take advantage of. Before applying, please read through all of the guidelines thoroughly, which are located here: <http://pageprogram.house.gov/factsheet.pdf>

You can find other helpful information on the main site, which is simply <http://pageprogram.house.gov>

Hard copies of all application materials are due no later than Monday, April 12 to my Carmel Office. If you have more specific questions that have not been answered on either of the websites listed above, please contact Will Marsh in my DC office at will.marsh@mail.house.gov

You can download the full application here: [Page Application July 2010.pdf](#)

I look forward to reviewing your applications. Thank you for your interest in this wonderful opportunity.

Sincerely,

John
